

Notice of Fall Consultation Process ***Regarding the Potential Introduction of a*** ***New Early French Immersion Program at*** ***Munster Elementary School and Local Enrolments***

Parents, students, and interested community members are being notified of a consultation process to commence in September 2014.

Please be advised that on the evening of Monday June 23rd 2014 the Ottawa-Carleton District School Board approved a timeline and consultative process which will commence in September of the coming school year.

The purpose of the process will be to examine the potential introduction of a new Early French Immersion program at Munster Elementary School and to receive input from affected school communities and other stakeholders. This process will also have regard for the creation and or continuation of viable program enrolments over a broader area.

The process to be followed will involve the creation of a working group which will consist of two representatives from each school as well as representatives from local community associations. The working group will meet throughout the Fall of 2014. A Public Consultation Meeting is tentatively scheduled to take place in December of 2014, with final decisions made by Board in late January 2015.

Further information regarding the process will be communicated in September via school principals and councils. Additional information will also be made available on a study webpage located on the Board's website (www.ocdsb.ca) under the Accommodation Reviews link/Current Accommodation Reviews.
